

2018 Fall Storage and Handling Programs

Corn:

- Drying charges are \$.02/half point of moisture
- Corn shrink will be 1.5% per point of moisture determined by the 10th
- Cash and contract corn shrink and moisture charges are to 15% moisture
- Stored, DP, and Grain Bank corn shrink and moisture charges are to 14% moisture
- Storage charges are 5 cents/month prorated daily. You will be allowed 10 days free to decide

Soybeans:

- Stored or DP will be 5 cents/month with ½% shrink applied, prorated charges with no expiration
- Storage or DP charges will be deducted from settlements.
- You will be allowed 10 day free to decide after which it will revert to \$.05/month
- Soybean shrink starts at 13.1% moisture and is 1.5% per ½ point of moisture
 - Example
 - 13.1 moisture is 1.5% shrink
 - 13.6 moisture is 3.0% shrink
 - 14.1 moisture is 4.5% shrink
 - 14.6 moisture is 6.0% shrink
- Cash or contract grain will NOT receive the ½ shrink like stored/DP bushels
